To Pay Average Of "takes" as fast as they arrived Their Fate Unknown 3 Cents More A Day

Pfc. Sommers

Salem City Council Tuesday night passed the ordinance designed to increase gas rates to local residential and commercial consumers. The measure had received two previous readings. No objections were heard. J. Arch Harwood, Natural Gas

Residential Consumers

Company of West Virginia representative who attended the meeting, said the ordinance would be sent to the company's main office for formal approval after it has been signed by Mayor Harry M.

Pfc. Eppinger Vincent. Following this action, a copy of the ordinance will be transmitted to Columbus for examination and approval by the Public Utilities the steps involved, Mr. Harwood stated that he would not hazard a guess as to when the provisions of the ordinance would take effect.

The rate change, subject to approval by the parties concerned, will amount to an increase of approximately 17 per cent in the company's revenues in Salem during a period of three years-and will represent an average increase per customer of three cents per

Proposed Rate Increases

Under the proposed rate sched. ule consumers would pay \$1.25 for the first 1,000 cubic feet of gas used, \$0.65 for each 1,000 of the next 4,000 cubic feet used, \$0.60 for each 1,000 of the next 95,000 cubic feet, and \$0.75 for each 1,000 cubit feet used over 100,000. A minimum charge of \$1.25 would be assessed all con-

THE SALEM NEWS

Windnesday, December 19, 1951

Karl L. Webster

THE UNTIMELY death of Karl L. Webster came as a profound shock to the citizens of Salem, although many of them never understood the complex duties he discharged faithfully as city auditor.

Ofter referred to as the "watchdog" of the city treasury, Mr. Webster kept close tab on the ebb and flow of the city's funds and | loose always anted as the guiding counsel for City Council's finance committee on municipal financial problems. He will be sorely missed.

A former banker, he was happy in his job as auditor. He handled his work with apnever be measured in dollars and cents. His lars of their community. work was that of a man devoted to the welfare In the past year a special com- home for the year without payof his home town

After 20 years of municipal service, it was amfortunate that Mr. Webster was cheated from the rewards of a retired life.

If Criticism is Honest

amenty on the American scene sounder | businessmen or others are will. bill-whether he had any person. in its preaciple or more devoted in its purpose | ing to patronize them. than the American public school. At the same time no activity is subject to greater scriticism. There are few people who don't shold some sort of an idea as to how the schools

There are some who say modern educa- viduals, organizations, and from public listing of income would tion is going radical. There are as many groups which are part of what we let the public know sometimes sethers who say it is failing to keep pace with progress of our times. Each can point to some instance in which the point of view is corment. Barn falls to mealise the great fact that most schools and most administrators walk the med in line. This is Americanism.

The public schools belong to the people. They have a night and duty to be interested in them. If educators are straying to either give of the line which marks sound principles then it as the duty of parents and the public to take a hand. The important thing is that they find out the facts before talking or - spetime

There have been instances in which bitter extremists on both sides, neither of them entirely right, did irreparable damage to school asstems by battling over principles and personalities so viciously that the pupils and their welfare were forgetten.

The Ohio teachers' resolution

"We believe in and welcome honest and constructive criticism but we condemn general and arresponsible attacks on the schools."

It is a sound statement. When parents and the public express their view and know what they are talking about the schools will make progress along the sound and solid lines which have made them and are making them a major building stone of good Ameri- these pockets, so that temporary residence, it is best to try the new

do the everyday fighting. Talking the other day with the father of a boy now fighting in suaded him to share with a public a letter from his son, John dated a little over three weeks ago, gives a picture of what American troops are up against as follows:

"THIS LETTER will have to be fairly short because we don't know if we'll be hit again tonight. The last two days have been a regular nightmare for our battalion. Just as I woke the next guy in my squad up for guard at 8:30 last night, the whole sky in front of us lit up. We survived from 8:30 until 40:30 one of the most devastating and destructive artillery and mortar pounding that I've ever been in. At 10:30 from three places in front of us green, Chinese flares went up. At that time they concentrated all the barrage on the line while the Chinese had annihiliated our observation post and were attacking us. The moon came up at 1:10 a.m. but wasn't much help betears, and temptations, which be- cause of the fog and mist and reached the trench, we were out Herring!" when most of us were white phosphorus smoke in the air. 1951 An Indecisive, Mixed Year

NEW YORK

WHAT CAN THE average guy say about 1951 as it fades into history? Should he cry into his beer over it, or

break into a cheer? Is he any better off? Has the human race inched onward or upward any since 1950?

On the one hand...yes. On the other hand ... question mark. It has been a mixed and indecisive year. For example-

True, we avoided a world war in 1951. But we had avoided it in 1950. Are we really further or closer to one now.

True, truce talks began in Korea this year but hope for real peace there flickers on and off, like a bad phone connection. When will it come and can we

than ever. TRUE, AN ATOM bomb didn't go off in anger this year. We tested some. And the Russians tested some, too. We're building a hydrogen bomb plant. And they're reported building 1,000 new submarines-and maybe

trust it when it does come? The ground war

has become colder, but the air war is hotter

a hydrogen bomb also. True, the atom has gone to work to cure disease, but when will the hope it gives outweigh the dread it brings? It wasn't safe in 1951 to remove the identification tags from the wrists of our children. Nor will it be in

How about the domestic situation?

The statisticians tell us that total personal income has gone up, savings have increased, debts have dropped. Tell that to your neighbor, however, and he is likely to answer, "You can prove anything with statistics." The things he is sure have gone up are prices and taxes.

SCANDAL HAD A heyday. It began to look like the only unsubsidized amateur athletes left in America were the checker players in the public parks and the old people who play shuffleboard in sunny Florida.

The government cracked down on bookies. Then the government began to set up machinery to crack down on its own "wrong. doers." Congress initiated more than 100 inquiries of one kind or another. It investigated everything except why the corn crop was lower, and it might have done that except you can't get votes by convicting the weather.

star generals quarreled about how to conduct the Korean police action, and nobody could tease "Ike" Eisenhower into saying publicly whether he was a Democrat or a Republican. THE TRAFFIC problem became worse in

the cities where that was still possible. Tele-

vision reception improved, but the quality

Boy, what a confusing year! The five-

of the shows was such that many owners liked the commercials better than the pro-Scientists said longevity was increasing,

although the average man complained he was just getting balder, greyer, or fatter. But Americans, all in all, had better medical care, were better clad, owned more of their own homes, and ate higher on the hog than ever before in their history. No other large country in the world fared so well in the realm of man's physical needs-food,

clothing and shelter. For all its troubles, if the United States meets no worse woes than it survived in 1951, it will keep its flag flying for a long, long

It was a year when the average man still had more to be thankful for than to complain about.

Bliss Office Girls **Have Holiday Party**

Red, green and white tones were combined in the lovely appointments for a holiday dinner party enjoyed by the girls employed in the E. W. Bliss Co., of. fice Tuesday evening in the Knotty Pine room of the Lape hotel. A Santa Claus wase filled with red poinsettias, white chrysanthemums and pine, combined with bright colored balls formed the centerpiece on the table. It was flanked with tall red tapers in crystal. Small Santa Claus favors marked the 24 places.

The dinner was provided by the management and each girl received a gift from the company. There was also an exchange of gifts. Group singing of carols added gaiety to the occasion. Party details were arranged by Miss Shirley Davidson.

Choir Association **Elects New Officers**

Officers were elected and gifts Tenth St.

Officers are: President, Mrs. Calvin Funk; vine president, Miss Hilda Franke; secretary-treasurer Mrs. A. J. Beeson.

Misses Buth and Jeannette Ralph Edward Davis at 2:30 p.m. also included on the program.

A reception will be held at the To Hold Meeting

church, following the ceremony. The Greenford Latheran La. The bride-elect was feted at a dies Aid and Willing Workers Biospes.

Miss And Groves and Harvey
Lottman were married Dec. 22, 100 are in charge of the arrange.

Rooms by the had aroused fears of a labor 20, both of Mahoning County. apartments Dial 4606. ghortage at harvest time.

TECHNOLOGICAL progress and THE SONGS OF CHRISTMAS the increasing productivity of farm labor continued to cushion the effects of labor losses. The decline in the number of workers helped force farm wages up about 10 per cent during the year.

The year ended with the gov. ernment drafting plans calling for an even larger volume of farm products in 1952. The job looked as if it would be considerably more difficult than that for 1951. Farmers faced not only a smaller supply of workers, but tighter supplies of machinery, fertilizers, insecticides and other production materials which also are needed for the preparedness program.

Barber's New and Used 242 West Second -- Dis. 5962 WATCH FOR SHOW

Illustrated by Walt Scott

Now we come to the story of one of the great musical mosterpieces of all time, George Frederick Handel's "The Messiah." It is doubtful if any single work of music has done more for mankind than this magnificent

Aside from the sublimity of the music and its effect on man's spiritual side, it has been a great vehicle for charity. Literally it has "fed the hungry, clothed the naked, comforted the sorrowing."
